January 2009

## SCCIP 2009-2011

- Towards an Expanded Partnership (proposal stage)
  - More investment
  - Higher profile
  - Linked to Scottish Adaptation Framework
  - Dedicated Communications, Technical and Training Resources

## Proposed Activities for SCCIP 2009-2011

- Web portal development
- Communications material and guidance
- Training on UK Climate Projections
- Sectors mapping of climate impacts
- Further work with Local Authorities – LCLIPs

Phase 2

## LCLIPs Phase 2 Proposals

### Purpose:

- To use the guidance developed in Phase 1 as good practice for future LCLIPs in Scotland
- To provide support to the Local Authorities wishing to do an LCLIP during the period 2009-2010

## Phase 2 Proposals

- More 'hands on' support from SCCIP in the form of workshops – 3 proposed workshops throughout the process
- Data and analysis of LCLIPs
- Provision of a compilation report – executive summaries of completed LCLIPs plus analysis for Scotland

## Next Steps

- Invite Expressions of Interest from individual local authorities
- Hold initial meeting with participants to agree the approach and support required from SCCIP for the project
- Develop a timeline
- Initiate Phase 2
