**Conserve and Save  
A consultation event on the  
Scottish Government's Energy Efficiency Action Plan**

**Thursday 10<sup>th</sup> December 2009  
Scottish Youth Theatre, Glasgow**  
The Old Sheriff Court, 105 Brunswick Street  
Glasgow, G1 1TF

*(Directions available at <http://www.theoldsheriffcourt.co.uk/contact-us/>)*

The Sustainable Scotland Network, the Scottish HECA Officers Network and the Scottish Energy Officers Network have come together to organise this national consultation event on the Scottish Government's Energy Efficiency Action Plan.

A copy of the Action Plan is available at: [Consultation on the Energy Efficiency Action Plan for Scotland](#). The consultation deadline is 5<sup>th</sup> January 2010.

The event is designed to give local authority officers a briefing on the consultation document and an opportunity to discuss views on the consultation questions. The event will allow views to be collected and used to inform both network and local authority consultation responses. The programme is designed to give plenty of time for discussion.

To register to attend, please notify Anna Hunter, Information Officer at SSN, on 01786 468768 or [anna.hunter@ksbscotland.org.uk](mailto:anna.hunter@ksbscotland.org.uk).

12.30-13.00	<b>Lunch</b>
13.00-14.30	<p><b>Parallel Discussion Group #2 *</b></p> <p><b>Parallel Discussion Group #3 *</b></p> <p><b>Parallel Discussion Group #4 *</b></p> <p><i>30 minutes for each group discussion</i></p>
14.30-14.45	<b>Plenary - Final Comments and Next Steps</b>
14.45 onwards	<b>Drinks in a nearby pub</b>

\* Discussion groups will focus on the follow 4 critical aspects of the consultation document:

Chapter 4 – Energy Efficiency Targets and Issues around Data and Monitoring

Chapter 7 – Making Scotland’s Existing Homes More Energy Efficient

Chapter 9 – The Public Sector

Chapter 11 – Changing How We Use Our Transport System

Please note: The consultation paper raises questions about ‘changing attitudes and behaviours’ (Chapter 5). As this is an issue that cuts across all aspects of work on energy efficiency, it will be addressed within each of the discussion groups.
