

SSN Special Meeting

Climate Challenge Fund Update & Climate Change Adaptation Framework Consultation

Venue: The Tolbooth, Jail Wynd, Stirling, FK8 1DE

Date: Wednesday 8th October 2008

Aims:

- To provide SSN members an update on the Climate Challenge Fund (CCF) and to increase understanding of how the Fund will operate and how it links with local authority climate change activities.
- To provide SSN members with an opportunity to share views on the Scottish Climate Change Adaptation Framework and to agree a common response from SSN.

Outcomes Sought:

- Increased understanding of the Climate Challenge Fund and how this relates to local authority work on climate change.
- Improved understanding of how CCF projects can be better coordinated with local authority/SSN activities on climate change.
- Key points identified and clarified that SSN needs to include in a response to the Scottish Government's consultation on the Climate Change Adaptation Framework.
